

ALABAMA ROBBERS

ESCAPE WITH LOOT

Deputy Sheriffs and Farmers
Abandon Search for Bandits Who Held Up Train.

DEPUTY MEETS DEATH

Estimates of the Amount of
Booty Secured Run as High
as \$100,000.

TUSCALOOSA, Ala., Sept. 26.—Deputy sheriffs from Birmingham and Montgomery and armed farmers of Tuscaloosa county have abandoned the search for the three men who held up and robbed the Alabama Great Southern passenger train at Bibbville station, Alabama, last night, and the case is now entirely in the hands of the railroad special officers.

Five men have been arrested at Etowah, Ala., below Tuscaloosa, and five others have been taken to the Tuscaloosa county jail by special agents. All of these men deny connection with the holdup.

Various estimates tonight place the amount of booty secured as high as \$100,000. Conservative estimates, however, set the amount of loot at \$50,000, including a heavy shipment of currency from the east to New Orleans. This cannot be verified, however, at this point.

Mail Clerk's Story.

Mail Clerk Leander Poole today gave out the following version of the robbery: "The robbery was committed by three masked men, two of whom were young and nervous. One did considerable promiscuous shooting and cursing in the mail car. Bullets rained about the mail car narrowly missed four men.

"The last charge of dynamite that blew the express safe was very heavy. It scared us, 100 yards away. They had lights that threw rays so they could see us, but we could not see them. As they were marching us back to their passenger coaches I fell into a catnap and sprained my ankle. One robber warned us of the catnap just as I fell.

"I believe I can identify the robber who did the shooting and cursing. I got a good look at him."

Trainman's Version.

One of the trainmen said:

"The train was stopped by a danger block signal tied with the red danger signal showing. When Engineer Daniels stopped, he looked back to see what was in the hands of an 18-year-old boy.

"L. Pool, the express messenger, was eating his lunch when the two robbers entered his car. One of them here or I will throw this hot coffee on you," said Pool. As he spoke a bullet fanned his cheek so closely that he felt it. Six mail clerks were made to leave their coach and stand on the right-of-way with their hands up. Then the bandits forced the porter to cut the two front coaches and engine from the train. The front section pulled away from the other section with one of the bandits at the throttle. Conductor Cook already had gone through the sleepers, locking the doors, arousing the passengers and advising them to hide their valuables.

The killing today of Deputy Jim Bonner of Birmingham was accidental. The posse with which he was a member was six miles north of Tuscaloosa. They were all sitting in a caboose of the special train, and in preparing to get off at Tuscaloosa, Deputy W. J. Cope of Montgomery reached over and drew his rifle toward him. The weapon was discharged, the bullet piercing the chest of Bonner, who had the dogs in leash.

COUNSEL FOR THAW

SECURE MORE TIME

CONCORD, N. H., Sept. 26.—Counsel for Harry K. Thaw received formal assurances from Governor Pelkey today that he would grant their request for an extension to October 6 of the time for filing briefs in the extradition proceedings. One of the attorneys said that their work was being carried on as rapidly as possible, but that since the hearing before Governor Pelkey last Tuesday, additional precedents bearing on the situation had been discovered. These would be incorporated, he said, in the documents to be placed in the governor's hands.

Thaw's outing today in the custody of his guard consisted of an automobile ride. His mother, Mrs. Mary C. Thaw, accompanied him.

CONFERENCE LIKELY

ON ULSTER QUESTION

LONDON, Sept. 26.—The prospects of a conference between members of the Liberal and Unionist parties on the Irish question have improved considerably during the last three days, according to the Nation, which says it is now almost certain the conference ultimately will be held.

A significant point in this direction was the visit paid to Belfast today by James Bryce, former ambassador to the United States and at one time chief secretary for Ireland. Mr. Bryce left Belfast tonight for Dublin, but said he probably would return to Belfast to witness tomorrow's review of the Ulster volunteers.

Servant Slays Soldiers.

PARCHIM, Germany, Sept. 26.—Two German soldiers were killed and one seriously wounded early today by an army officer's servant. They were attempting to capture him after he had been detected in a robbery. He committed suicide before he could be taken prisoner.

Mrs. Isabelle Orwin Dies.

SPECIAL TO THE TRIBUNE.

PROVO, Sept. 26.—Mrs. Isabelle H. Orwin, 60 years of age, of this city, and wife of Jesse Orwin, died at her home here today, after having undergone an operation for a tumor. Mrs. Orwin was born in Beaver, and besides her husband, is survived by three sons and three daughters. Funeral arrangements will be announced later.

SWEARS SULZER WAS

READ SOVEREIGN PERJURY

(Continued from Page One.)

cations of being completely confounded by the testimony of these two witnesses. None of them had the faintest inkling, it was learned, that such accusations were to be brought by the attorneys for the assembly managers.

It was further brought out that Richard Croker, Jr., son of the former leader of Tammany, had contributed a \$2000 check, payable at the request of Sulzer to the order of "cash" and that the check was cashed by Frederick L. Colwell, alleged to have been the governor's agent in his Wall street transactions.

Croker testified that the governor wanted it in a convenient form to cash it immediately because he was in a hurry to start on his campaign trip through the state. This was on October 18, but it developed that Colwell did not cash the check until October 31.

The latter testimony given by William B. Houghton, paying teller of the Equitable Trust company of New York, who said that Colwell was his Sunday school teacher. Demand for Colwell's production today brought out a statement from the governor's attorneys that they expected to get in communication with him tonight or tomorrow. He has been missing several weeks.

Croker's Check.

The Croker check was one of several unreported campaign contributions which were the subject of testimony today. John W. Cox, Thomas W. Brady, John T. Dooling, Temple Grayham, Leopold Mendelbaum and Judge Lewis J. Conlan, all of New York, testified that they had contributed checks or cash ranging from \$100 to \$1000, none of which was mentioned in the governor's sworn statement of campaign contributions.

Counsel for the defense fought desperately to gain from each witness testimony that he had made the gift not for the purpose of helping the governor in his political contest, but to aid him personally.

"Didn't you give this check because you knew that the governor was in an impetuous condition?"

"Didn't you know the governor was hard up?"

"Didn't you give this to him to help him out financially?"

Dispute Precipitated.

These were the questions by which Judge Herrick sought to obtain from the witnesses admission that they had placed no restrictions on their contributions.

Their questions twice precipitated a heated dispute as to the admissibility of any evidence tending to show the intentions of the donors. The result was that the objection of counsel for the prosecution to admitting the evidence was twice overruled by a vote of the court, which was in keeping with the opinions previously rendered by Presiding Judge Cullen. Croker, Dr. Cox, Judge Conlan and Brady testified that their contributions had been given to the governor for other purposes than campaign expenses if he would so use them.

Brady testified that he and Judge Conlan and other contributors to the fund had discussed the question of the governor's financial condition at the Manhattan club in New York.

"Did you talk about the necessity of doing something to help him because of his financial condition?" asked Judge Herrick.

"Yes, we did," said Brady.

Letter Produced.

Gwathmey, on the other hand, produced a letter he had sent the governor, which read:

"I enclosed please find \$100, which I wish you would hand to the people who are conducting your personal campaign, as I wish this money to be devoted to that cause alone."

The prosecution brought in today the first evidence to support the charges that the governor had some of his campaign funds to speculate in Wall street. Philip Boyer, head of the New York stock exchange firm of Boyer, Griswold & Co., and two of his employees, testified to the purchase by Colwell of \$12,000 worth of Big Four stock which was paid for by seven checks given Sulzer, his own personal check for \$900 and \$1725 in cash. These checks were of Theodore W. Meyers, John Lynn, Lyman A. Spaulding, Edward F. O'Dwyer, John W. Cox, the Frank W. Strauss company and John T. Dooling.

Asks Liberal Ruling.

Senator Duhamel of Brooklyn, elected on an Independence league ticket, asked during the argument for a liberal ruling by the presiding judge on technical legal questions.

"On behalf of the laymen of this court," he said, "I ask a liberal ruling on all questions. And making this request I am mindful of the words of counsel that such proceedings as this may be the result of a conspiracy of crooks and criminals to save themselves from prosecution as a result of chicanery, or of parties prompted by other ulterior motives."

Army Orders.

First Lieutenant Marr O'Connor, Fourteenth cavalry, is relieved from treatment at Fort Bayard, N. M., and will proceed to Fort Huachuca, Ariz., for duty.

Second Lieutenant John P. Edgerly, Second infantry, is detailed for aviation duty, signal corps and will proceed to San Diego, Cal., for duty.

First Lieutenant Albert G. Goodwin, Ninth infantry, is relieved from duty with militia of Alabama and will join his regiment.

SERBS DEFEATED BY

THE ALBANIAN ARMY

Greece and Turkey on the
Eve of War; Great Powers
Are Defied.

(Continued from Page One.)

LONDON, Sept. 26.—The Albanian army, said to be under the command of Essad Pasha, continues its victorious march. The Serbians are making desperate efforts to reinforce Monastir, which is seriously threatened. The Greek authorities are expediting the movement of the Serbs over the Greek railways and anticipate a request for the passage of an entire Serbian division through Saloniki.

Severe fighting near Ochrida, in Albania, 100 miles north of Janina, is said to have resulted in the complete success of the Albanians, who captured several guns.

In spite of the confidence expressed at Belgrade the Serbians probably have a long and arduous campaign before them. The Belgrade newspapers urge the complete extermination of the Albanians. It is claimed that both Russia and Austria have warned Serbia to confine her operations within her own borders, as defined by the ambassadorial conference.

Interest in the Albanian situation for the moment has become secondary to that of the friction between Turkey and Greece. It is claimed the powers will veto any attempt of the Turks to seize Kavala, but the fulfillment of the treaty of London to make Adrianople Bulgarian has not subdued the ambitious military party of Young Turks with any great amount of respect for the decision of the European concert. Turkey now is in the hands of the all-powerful military party, which is apt to take any action that will strengthen it with the people.

THREE ALIENISTS

EXAMINE SCHMIDT

Report on Slayer's Mental
Condition Expected by
Last of Next Week.

NEW YORK, Sept. 26.—The federal grand jury today returned an indictment against the confessed slayer of Anna Aumuller, Hans Schmidt, and his associates, Ernest Muret, charging both with conspiracy to commit murder. The indictment was voted on last Wednesday. The two men will not be arraigned in the federal court until the 24th of October. Three alienists examined Schmidt for an hour and a half today at the office of District Attorney Whitman, who was present. Schmidt will be further examined next week, by the end of which a report is expected on the slayer's mental condition from the alienists, Dr. William Mahon, Dr. Carlos F. McDonald and Dr. Charles H. Kirby. Dr. Kirby is clinical director of the state hospital for the insane on Ward's Island.

CLEVELAND, O., Sept. 26.—Local

Catholic authorities believe that Hans Schmidt, alleged murderer of Anna Aumuller in New York, may have been quarantined in Cleveland in 1908 under the name of Erwin Metzler.

The theory presented itself following the reproduction in the Catholic University of an article published in the Universe on April 24, 1908, warning against the reproduction of a man calling himself Erwin Metzler, who, falsely representing himself as a member of the Catholic clergy, was making appeals for monetary aid.

The article was accompanied by a picture which is also reproduced today. This picture bears a striking resemblance to those of Hans Schmidt.

SENATE CONFEREES

GAIN POINT ON LEAD

(Continued from Page One.)

gress, and let the senate and house determine what should be done toward regulating or taxing the trading in cotton for future delivery. The final differences in the bill were adjusted, as follows:

The house receded from its rate of one-half cent per pound on lead ore, and accepted the senate rate of three-fourths cent per pound.

The senate receded from its rate of 12 1/2 per cent ad valorem on zinc ore, and accepted the house rate of 10 per cent.

The house gave up its demand that the woolen tariff rates go into effect at once and agreed to the dates fixed by the senate, namely:

Woolen goods, January 1, 1914; raw wool, tops and waste, December 1, 1913.

The house receded from its provisions as to cotton threads, yarns and cloths, accepting the senate amendments, which revised the schedules upon a new basis of thread count.

The final agreements were reached late in the afternoon after a day in which President Wilson had again been consulted by the leaders of both houses, and an effort made by each side to secure further concessions. Early in the afternoon requests were sent to the Republican conferees to meet tomorrow morning, but Senators Lodge and Penrose were not in the city and hope of getting the bill into the house tomorrow finally was given up.

It is expected that objection will be made to the conference report when it reaches the house Monday, forcing it over to Tuesday's session. Advocates of the cotton futures compromise known as the Smith-Lever plan will endeavor to round up support in the house for a motion to send the bill back to conference again, with instructions to the conferees to adopt the compromise plan. A similar motion probably will be made in the senate.

It is believed the bill cannot be completed by the two houses and sent to the president before the latter part of next week, owing to the parliamentary stages through which it must go, and the new conference that must be arranged on the cotton futures question.
